CFA – CONFIDENTIAL FINANCIAL ANALYSIS

Tuition assistance is available to those who qualify. Financial awards are based solely on financial need, which is assessed by an independent service, [Confidential Financial Services](#), not associated with Heritage Christian Academy. Please note, only one discount can be applied to tuition per year, whichever one is of the most benefit to your family.

How to apply: Go to www.cfslogin.com

Once there you will set up your own name and password of at least 5 characters and 1 number, maximum of 10 characters.

Click **Apply for Tuition Assistance**, or any of the other options you may be interested in, and insert Heritage Christian Academy's code **53344**, when you are prompted.

Once your application is submitted through this site, Heritage will receive an email of your submission as well as any updates on the status of your application. **Please follow through promptly with any instructions CFA may send you, as we do not process any applications until we receive a "completion status" on your account.** When your application is **complete**, a confidential finance meeting will take place to discuss potential assistance awards for our families and you will be notified shortly thereafter. This process takes a bit of time, so the sooner you apply, the sooner you will know if you qualify for assistance. **Returning families are encouraged to complete the application process by July 1, 2017. Assistance results are usually determined by mid-August.**

If at any time you need help with your application, please email help@cfslogin.com. We have been extremely impressed with their kind, helpful and prompt responses.

Before your application is complete, the finance committee requests that you prayerfully indicate below an amount that you feel your family can afford to pay for tuition at Heritage Christian Academy for 2017-18. *Your application for assistance will not be processed without this information:*

\$_____per year or \$_____per month. (You may fill in just one, whichever is easiest. Again, we need this before processing your request for assistance.)

Assistance is also readily available through our TRP (Tuition Reduction Program) at no cost to families. Everyone buys gas and groceries every month, and the TRP program deposits money directly against your tuition, based on your purchases. *Free money! Please take advantage of this program. If you need assistance, please call the office and we will walk you through the painless process. You may sign up for TRP and designate your earnings to another family. What a wonderful gift!
